The work that provided the basis of this publication was supported by funding under an award with the U.S. Department of Housing and Urban Development (HUD) and East-West Gateway Council of Governments. Specifically, this effort was funded in part by a Sustainable Communities Planning Grant, provided by HUD. The substance and findings of the work are dedicated to the public. The author and publisher are solely responsible for the accuracy of the statements and interpretations contained in this publication. Such interpretations do not necessarily reflect the views of the Government or East-West Gateway.

This publication and the associated planning and public engagement process was completed in compliance with Title VI of the Civil Rights Act of 1964 and related statutes and regulations in all programs and activities.
