

Request for Qualifications for community-engaged design collaborator/artist/creative person

Project Background

Citizens for Modern Transit is teaming up with the St. Clair County Transit District and AARP in St. Louis to activate the space around the Fairview Heights MetroLink Station. This joint initiative, known as the “*Transit Stop Transformation Project*,” will transform the area between the MetroBus area the entrance to MetroLink– into a fun, artistic space that encourages active play, cultivates community and increases transit use.

A transit stop can serve as a transformational tool to reconnect a community, promote social equality, increase accessibility, position an area for growth, activate and beautify the public space, and enhance neighborhood safety. With the permission of Bi-State Development/Metro Transit as the property owner, SCCTD and its partners hope to initiate this project by October 2023.

This project would include a community engagement component, and the St. Clair County Transit District will be responsible for maintenance of the project moving forward.

Request for Qualifications

The project seeks qualifications for designers, architects, artists, and inter-disciplinary teams to engage and work collaboratively with the residents and community stakeholders of Fairview Heights and St. Clair County, IL for the design and development of a site-specific Transit Transformation project.

The design collaborator will be a critical part of the project team. Key responsibilities include:

- Stakeholder Meetings
 - o Attending Kick Off meeting with stakeholders to listen to community needs, desired impacts, and site-specific issues of the project
 - o Facilitate 2-3 follow up design meetings with stakeholders to refine and finalize the design of the project.
- Project Documentation
 - o Develop renderings or similar representative images, drawings, collages, and/or models that clearly display the design and use of the proposal.
 - o Document project drawings and details for contractors, fabricators, and city agencies for all necessary approvals.
 - o Complete a site field survey for horizontal layout, to include existing utilities to be included on the plans.
 - o Preliminary and Final Design

- Provide three (3) options for review and approval
 - Provide 30% design for the approved option from bullet above
 - Provide 75% design for review and approval
 - Provide 100% design for review and approval
 - Equipment Options
 - Designer shall provide CMT and AARP a variety of options including contacts for the amenities to be used and included as part of the project.
- Project Approvals and Permitting
 - Coordinate the submittal and approval for all necessary permits and sign offs for the construction of the project
- Project and Construction Coordination
 - Provide any necessary documents for the project construction manager.
 - Work collaboratively with Citizens for Modern Transit, AARP in St. Louis and the St. Clair County Transit District, of the project team to ensure a timely and efficient delivery of project.
 - Provide two (2) visits to the project site to layout all amenities during construction.

A successful design collaborator(s) will have experience with:

- Design Development
 - Ability to translate and create designs reflective of community input along with following guidance and feedback from project leadership regarding the design, use, and impact of the proposed project.
 - The production of renderings and other materials that are representative of community design workshops.
 - Experience with fabricators and contractors to price, specify, and build project.
- City approvals and permitting:
 - Preparing all construction documents and materials needed to submit for city approvals and success obtaining all city approvals for the construction of permanent projects.

The design collaborator will have a deep understanding and commitment to equitable development, the impact and possibility of play, and the ability for creative interventions to produce long-term impact in neighborhoods.

Budget: \$25,000 for all services, including materials and printing, and all travel related to the scope of work.

Draft Schedule

What	Description	Date
